54th Scientific Conference of the German speaking Mycological Society (DMykG) e. V.

3rd International Symposium of the CRC/Transregio FungiNet

16–19 September 2020
WÜRZBURG
The MYK traditionally covers both up to date research on fungal pathogens and new clinical developments. With this broad portfolio, it offers excellent opportunities especially for young scientists – who get the chance to present and discuss their data with experts from all over the world! Throughout the program, with few exemptions sessions will be held in English.

Abstract Topics for 2020 are:

- Fungal Pathogens – Biology, Virulence
- Host – Immune Response
- Clinic – Epidemiology, Diagnosis, Therapy, Resistance
- Environment & Mycobiome
- Free Topics

Myk2020
Meet outstanding colleagues

Speakers confirmed for Myk2020

Maiken Arendrup | Kopenhagen
Gerhard Braus | Göttingen
Agostinho Carvalho | Braga
Christina Cuomo | Cambridge
Neil Gow | Exeter
Salome LeibundGut-Landmann | Zurich
Tobias Hohl | New York
Damian Krysan | Iowa City
Ulrich Kück | Bochum
Cornelia Lass-Flörl | Innsbruck
Mike Lorenz | Houston
David Perlin | Nutley
Dominique Sanglard | Lausanne
Paul Verweij | Nijmegen
Gordon Brown | Exeter

Reinhard Fischer | Karlsruhe
Lars Kaderali | Greifswald

... and many others
Würzburg is a highlight city in Germany! It’s history goes back to the year 1000 BC. The Marienberg Fortress is the landmark of the city and was the seat of the Prince-Bishops for more than 500 years. Everywhere in Würzburg masterworks created by such renowned artists as Tilman Riemenschneider, Balthasar Neumann and Giovanni Battista Tiepolo can be admired.

The baroque Residenz is listed in the UNESCO „World Heritage“ list as one of Europe’s most precious architectural treasures. Würzburg is also known as the „Gateway to the Romantic Road“ – the capital of sunny Franconia, a landscape whose vineyards flank the River Main, and are famous throughout the world. The Franconian wine together with the city’s Baroque splendour makes a visit to Würzburg a memorable experience.
